

## You can also drop off items with the following logos:

## Transporting your materials safely

Transporting your materials safely to a Chemical CleanOut event is important. Here are some top tips for safe storage and transportation:

- Ensure containers are clearly labelled and well-sealed. If you do not know the contents, label the container 'UNKNOWN CHEMICAL'.
- Wherever possible keep all chemicals in their original containers.
- Never mix chemicals as this may produce dangerous reactions.
- Liquid can leak during transportation. Wrap old or damaged containers in newspaper, place in a sturdy plastic bag and then in a plastic container or tray.
- Keep household chemicals away from passengers e.g. in the boot.
- Before attending, place all materials in the rear of your vehicle. On arrival, remain in your vehicle and our contractor will collect your items.

## Other recycling programs

Return **unwanted medicine** to your local pharmacy for safe disposal.

Recycle your **mobile phone** with Mobile Muster. Visit [www.mobilemuster.com.au](http://www.mobilemuster.com.au)

Go to [www.recyclingnearyou.com.au](http://www.recyclingnearyou.com.au) to find out where you can drop off **TVs, computers or printers** for recycling.

Home based businesses can find out where to recycle **business waste** at [www.businessrecycling.com.au](http://www.businessrecycling.com.au)

Brought to you by the NSW Environment Protection Authority, supported by Paintback, the national product stewardship scheme for unwanted paint and packaging.
