

Eucalyptus 'Moon Lagoon'

Botanic name:

Eucalyptus Moon Lagoon

Common name:

Fine leaved Mallee

Family:

Myrtaceae

Typical height:

2 – 3m

Typical width:

4 – 6m

Typical growth rate:

Moderate

Foliage:

Blue-green foliage when mature, otherwise in its juvenile state its foliage is blue/silver.

Flowers:

Reddish-orange buds are replaced with white flowers that appear in early summer.

Site requirements:

Full sun position in well drained soil. The shrubs are drought and frost tolerant once established.
