

Construction Certificate Application

Lodgement Checklist

Payment of Application Fees (including payment of Long Service Levy OR evidence of payment to LSL Corporation) Site Pian - 1 copy provided (A3 Size) (Scale 1:200) Location of the proposed development existing and proposed building/structures. Shows any structures to be demolished, vegetation to be removed, settacks to all boundaries, top of kerb benchmark point and contours. For urban release areas, any benchmark point and contours. For urban release areas, any benchmark point and contours are to be to Austration development existing and proposed building/structures. Shows any structures to be development including room names, areas and dimensions, ground levels, finished floor levels and ridge levels. Floor Plans - 1 copy provided (A3 Size) (Scale 1:100) All elevations - 1 copy provided (A3 Size) (Scale 1:100) All elevations and floge levels. Elevations - 1 copy provided (A3 Size) (Scale 1:100) All elevation and levels, inished floor levels and ridge levels. Both long and cross sections provided (A3 Size) (Scale 1:500 / 1:100)	Required Information for Lodgement Note: Must include electronic copies	N/A	Applicant Check	Officer Check
Location of the proposed development existing and proposed buildings/structures. Shows any structures to be enclosted: vegetation to be removed, setaback to all boundaries. Iso of kerb benchmark point and contours. For urban release areas, any benchmark point and contours are to be to Australian Height Datum 				
structures to be deminished, vegetation to be removed, setbacks to all boundaries, top of kerb be to Australian Height Datum Image: Concent Plans - 1 copy provided (A3 Size) (Scale 1:100) Outline proposed development including room names, areas and dimensions; ground levels, finished floor levels and ridge levels Elevations - 1 copy provided (A3 Size) (Scale 1:100) All evaluations boundary to boundary including location of doors, windows, any earthworks proposed, ground levels, finished floor levels and ridge levels Sections - 1 copy provided (A3 Size) (Scale 1:50 / 1:100) Any earthworks proposed, ground levels, finished floor levels and ridge levels. Both long and cross sections provided and include meriod pict. Drainage Concept Plan - 1 copy provided (A3 Size) (Scale 1:100 / 1:200) Proposed stomwater design to indicate method of drianage proposed. Drainage concept plan to include levels are residential construction work exceeding \$50,000 or swimming pools which exceed 40,000 iters BASIX Certificate - 1 copy provided (A3 Size) Maste Management Plan - 1 copy provided (A3 size) Proposed stomwater design to indicate method of drainage stopposed. Drainage concept plan to include levels are arealized for levels and ride is to plant Proposed stopposed design to indicate method of drainage stopposed.
