To apply

Complete application form and submit to Council so a determination can be made (must satisfy the above conditions)

Process

Application is forwarded to the Valuer General of NSW for a determination as to the Applicable Value (If the Valuer General determines no variation/concession then no appeal is possible)

- Applicable Value is forwarded to Council for use in rating
- Difference between Supplementary Land Value and Applicable Value is used to calculate rates which will be postponed

General Information

- Postponed rates attract interest charges. The interest rate is set by IPART in May/June each year
- Postponed rates and interest accrue for 5 years
- In 6th year, the 1st years' postponed rates and interest are written off. This means Council always carries 5 years rates and interest owing
- All outstanding postponed rates and interest become immediately payable if the property is sold, subdivided or the property use changes
